Mrs. L. R. Garr has a flower with the killing, is set up as being blooming in her yard that is quite false and injurious to the plaintiff's

The Iron Mountain railroad company played in great luck Monday afternoon, else it would have had a big wreck on its hands somewhere in the Hogan neigh-borhood. About four o'clock that day a big train of "bad order" freight cars pulled away from Hogan station north-bound. Just before the train reached Tip Top it broke in two and about twenty cars started backward down the The creamery plant in Arcadia hill. There wasn't a good brake has been wholly unable to supply on the whole train, and soon the Adrian Steel, attorney for the the local demand for ice during cars were flying down the Hogan grade at most terriffic speed. tain. The section boss, who happened to be near, took in the situation at a glance, however, and promptly opened the switch leading to one of the passing tracks. And none too soon. The runaway cars whizzed into the switch, passed the station and onto the main track again. Nor were they brought to a standstill until Jordan was reached - some three to-day (Wednesday) the retail miles away. Then a brakeman, price for ice will be 75 cents per who was on the runaways, got who was on the runaways, got hundred, instead of 50 cents as down and barely had time to flag a freight train coming from the south. There were two close calls eived a telegram from Miss Lydia and the section foreman by his quick wit and prompt action doubtless prevented a calamity. For which he will probably lose his job the first time some cranky superior falls out with him.

enough, the Lord knows; but now of the local option law. It was the word "rotten" is the only one talked about town for several days that fits it. Are the authorities in that a new supply of whiskey and the postal department helpless? beer had been unloaded into the part of the people interested are by Prosecuting Attorney Frank of no avail. when he at once authorized Sheriff Barrows to seize all intoxicating liquors and the selling device, which was made like a half bushel with two partitions crossing in the center, dividing the round box into four cavities. This device was placed in a hole in the wall, which it just filled. A rod passing down through this wheel served as a pivot on which it turned. The customers stood on one side of the wall and placed the price of the drink desired into one of the cavities or partitions of the wheel and giving it a turn the cash passed through the wall. The person on the other side of the wall would take out the money and place the drinks in the same place, and a half turn of the wheel would cause it to pass through to the customer. When Sheriff Barrow entered the enclosure, which is inside the stone building, he found several customers within, one of whom claimed that he had just deposited 75c for which he had gotten no returns. The sheriff also found Mr. Cowan's 16 year old boy on the inside of the enclosure operating the wheel or selling device. This enclosure was found to be wholly within the building, surrounded prosecuting attorney refused to filed his affidavitalleging that he by four walls which did not reach could not have a fair trial before the ceiling.
